

Zenith Software Ltd participated in National Cooperative Banking Summit (NCBS) and in Frontier's Cooperative Banking Awards (FCBA) 2014.

Zenith Software Ltd. (ZSL), a leading Core banking solution participated in **Banking frontiers** 8th National Cooperative Banking Summit (NCBS) and in Frontier's Cooperative Banking Awards (FCBA) 2014, that took place in Hyderabad from October 31st to November 1st 2014.

NCB Summit and the FCBA are the most celebrated annual carnival to get-together the cooperative banking ecosystem. It was a two day Schedule with National Summit for knowledge sharing for one and half days were culminating into the gala awards night of Frontiers in Cooperative Banking Awards. The event surrounded by prestige banking institutions and technology providers across the country.

K.M. Chidananda, Business Development Manager who represented Zenith Software Ltd on this event mentioned that “We were very excited to attend Banking frontier’s Annual event and share our IT innovations with cooperative banking fraternity. We exhibited Our Flagship Product Banc724 CBS and received overwhelming response from bankers for our new version which is on Open Source. We have also received interest for our doorstep banking solution, HRMS, AML & FDMS, Payment innovations & Digital banking excellence. We congratulate banking frontier’s team for a successful event and it will always be our pleasure to participate and contribute in such summit.
